AMUL SHARMA

Python Backend Developer

PROFILE

🧑‍💻 **Passionate Python Developer**
I thrive on solving complex problems and building impactful projects. With expertise in Python and experience in web technologies like HTML, CSS, and Django, I craft innovative solutions. My standout project is a **Breast Cancer Prediction System**, where I utilized machine learning to contribute to healthcare advancements. Currently, I'm diving deep into a creative endeavor—developing a **Bhagavad Gita project** that merges technology and spirituality.
